The circumstances under which the post

Sanctioned in the connection, who filled up, without advertisement, have been explained by the President in his letter dated the 26th April 1944. Two such appointments have been made - one of a surveyor & another of an Assistant Draftsman, both being Probationers. The President requests sanction for the appointments already made as a special case. - It may perhaps be approved, after consultation with the Public Service Commissioner.

It is seen from the letter of the Chairman, City Improvement Trust Board, that the candidates that have been appointed in the vacancies under reference are not qualified for the posts in which they are appointed, one of them happens to be an over-aged candidate. Besides,

the appointments are made without the vacancies having been properly classified. In these circumstances the postings cannot be considered as being regular. But in the circumstances explained by the Chairman, the appointments made may, however, be approved subject to the condition that these appointments be left out of account for purposes of classification, nor should the candidates be treated as 'Regular Probationers' for further continuance and eventual absorption in service.

To

His Highness the Maharaja of Mysore, Law Department,

Sir,

In forwarding herewith a copy of letter No 4921/PSC dated 4th April 1944 received from the Public Service Commissioner intimating that sanction of Government may be obtained in respect of certain appointments made by this office in connection with the preparation of a resume of works done in the Trust Board for the last forty years, I have the honour to state that no approved C R B lists were available either in the Trust Board or the Municipality for the posts of Surveyors, Assistant Draftsman and Steno-typist. It was necessary to employ experienced and competent men in view of the special and important nature of the work and the same had to be completed within the period of six months prescribed by Government. The advertising of these vacancies and selection of hands would have in the normal course involved much time and even then it was doubtful whether men suited to this special work would have been available. Moreover the Sub Engineer posted for the work had arrived and the necessary staff had to be given to him immediately. As the appointments were for a special work and would last only for six months and as no candidates of the backward communities were available locally, available candidates of the Brahmin community with the required qualifications were entertained in those vacancies in the interest of the expeditious completion of the work and the Public Service Commissioner appraised of the same. Since however the Public Service Commissioner states that sanction of Government is necessary, I request that sanction of Government may kindly be obtained for these appointments made under the circumstances explained above as a special case. Favour of early sanction is solicited.

I have the honour to be,

Sir,
Your most obedient servant,

R. Ralachandra Iao Bhobol

with reference to your letter No A1 C-834/42-43 dated 6th March
1944, seeking approval to the local arrangements made in respect of the
posts of a Surveyor, an Assistant Draftsman and a Steno-typist which -
have been sanctioned for a period of six months for certain special -
work in the Trust Board, I have the honour to state that Government may
be addressed for approval in the matter furnishing details as to the -
classification of the above appointments and the arrangements made there-
in. I add that even in making such arrangements, candidates of Back-
ward Communities alone should be appointed in special vacancies under -
the existing rules
